## DEF-KA64-010

Defender  
Aluminium container

Professional 100% high-quality aluminium container. Strong, robust and impact-proof. Strong base/lid extrusions and solid cast stackable aluminium corner pieces. Reinforced hinges, industrial handles, nylon lid holder, neoprene sealing ring. Unaffected by extreme cold or heat. Antimagnetic and rustproof.

### FEATURES

- aluminium 0.8 mm
- 2 toggle locks made of aluminium or stainless steel
- 2 stable aluminium handles; loading capacity 50kg/handle
- mantle sheet overlapping is done by pop rivets
- stainless steel (piano) hinges ensure length and durability
- 2 nylon lid straps protecting the lid from opening backwards
- rubber sealing for extra protection against dust and water
- corner castings protect the corners and make the containers easily stackable
- reinforcement ribs give the container more strength

### TECNICAL SPECIFICATIONS
